

England Athletics 2014 Club Conferences

In the East

As part of our commitment engaging with our member clubs, we are holding a regional Club Conference as part of a series of similar events taking place across the country.

This event will give clubs the chance to come together to discuss the challenges that you face, the issues that are important to you and how you see the future for athletics clubs in England.

Discussions at each event will be led by members of the regional council and club representatives, while members of the England Athletics executive team will also be on hand to answer questions.

Issues to be explored will include

- **Affiliation and membership**
- **Spending priorities for EA**
- **The England Athletics Online Portal for Membership Secretaries, Athletes and volunteers** (including demonstrations of new improvements to functionality)
- **Managing Growth in your club**

Friday

9 May

19:00-21:30

Best Western Priory Hotel,
Bury St Edmunds, IP32
6EH

To book your place

To register for a club conference, please email clubconference14@englandathletics.org with your name, club and your role within the club.

Please also state what your club's 'hot topic' for discussion is. We will endeavour to shape discussions around the most popular themes raised by clubs.

Club conferences are open to absolutely everybody, no matter what role you occupy within your club, so athletes, volunteers, officials, coaches and committee members are all welcome.

Book your place now: clubconference14@englandathletics.org
